We are thrilled to bring back the Southern Sizzle benefiting Children's Healthcare of Atlanta for the fourth year in a row! Join us for a **Monet's Garden** themed event at **Summerour Studio** on **Thursday, September 19**. True to its name, it will be the hottest party of the year to send off summer with refreshing cocktails, delicious bites, live music and entertainment, and a fantastic silent auction to fundraise for Children's.

Children's Healthcare of Atlanta is well known and dearly loved by families throughout the Southeast. The funds raised by the Southern Sizzle will support **Children's camps** and **Children's artist-in-residence and music therapy programs**. At Children's, we believe every child deserves to experience the joys of being a child. Our Children's camps and artist-in-residence and music therapy programs are **100% donor-funded**, providing access to these services for all patients at little to no cost to their families.

We hope you will generously consider supporting the Southern Sizzle event as a sponsor to take advantage of this opportunity to promote your business while contributing to an amazing cause! Our wonderful host committee is busy planning an incredible evening that will generate buzz among our community and bring together hundreds of attendees from all over the city. Please see the enclosed information regarding sponsorship opportunities for both individuals and businesses. All sponsorship levels include tickets to the Southern Sizzle and increasing levels of recognition. **Your support of this event can truly make an impact on the life of a child.**

We would be honored to work with you as we support Children's Healthcare of Atlanta. Please contact us if you have any questions!

Sincerely,

Melissa Fuller

## Children's camps

At Children's, we believe every child deserves to experience the joys of summer camp, which is why we offer weekend and weeklong camp opportunities for children with various medical and physical conditions and their families. Our camps are specially designed and staffed so that these kids can not only take part, but also be a part of a community of children who share similar experiences. All camps are 100% donor funded, so campers attend at no cost to their families.

## Artist-in-residence and music therapy

Through educational play and therapeutic interventions by highly skilled professionals, our child life programs have a lasting impact on our patients. From painting and sculpture to photography and jewelry making, our artist-in-residence team provides an outlet for every patient, allowing them a much needed distraction and escape. Music therapy uses activities like creating, singing, playing or listening to music to strengthen the physical, emotional, cognitive and social abilities of patients. Our artist-in-residence and music therapy programs are 100% donor funded, providing access to these unique services for all patients.
